RAINTREE LAKE BOAT SLIP POLICY

This policy was passed by the Raintree Lake Board of Directors on October 8, 1996.

This policy revised and approved by the Raintree Lake Board of Directors on November 9, 2004; October 11, 2005; February 4, 2006; November 14, 2006; December 12, 2006; and September 11, 2007

Purpose and Intent

This policy shall establish guidelines for the placement of boat slips, for their maintenance and for the administration of boat slips, in order to preserve the aesthetic quality of Raintree Lake while encouraging the use of pleasure craft on the lake.

Location of Boat Slips

No boat slip(s) or docks of any kind are allowed on Raintree Lake, lots, or common area, or otherwise within the confines of the legal description of the Raintree Lake Community without the prior approval of the RLPOA Board of Directors. The location of each slip shall be at the discretion of the RLPOA Board of Directors. Violations will result in a fine of up to \$1,000.00 per slip plus all expenses related to remedy the violation. *Approved October 11, 2005*

Boat Slip Leasing

The issuance of the boat slip leases shall be the responsibility of the RLPOA. RLPOA retains the right to terminate a boat slip lease for violation of this policy, failure to pay annual assessments as due, or loss of membership status of the lease by virtue of sale of property and movement from the area as called for under the Covenants and Bylaws of the Association. Construction fees are not refundable upon termination of any lease. Upon termination of lease by the Association, the individual will have the right to place their name to the bottom of the official Boat Slip Waiting List provided their membership status becomes active. *Amended February 7, 2006, and December 12, 2006*

The sale or assignment of a primary long-term or short-term lease upon sale of residential property shall be limited in any future lease entered by the Association to provide that it may only take place with written consent of the Association which shall not be unreasonably withheld and that the right to transfer said slip with the residential property shall only be permitted for the property owners that are lease holders as of October 8, 1996. Subsequent transfers of a lease or boat slip by subsequent owners or assignees of the lease shall not be permitted.

Subletting of boat slip leases shall be permitted provided all conditions of membership are met and official forms are completed in the RLPOA office by lessee and sub-lessee. Rate shall be limited to the amount set by the Board of Directors each year.

The number of boat slip leases (long and/or short term) shall be limited to one (1) per lot ownership of members as recorded on the official assessment account of the RLPOA. This provision shall exclude multiple lot ownership held for development of single family, multi-family and/or commercial development, sale and/or rental. Members with current multiple leases shall keep those leases until they do not renew or they sell their property at which time only one (1) slip lease may be transferred with the house or lot. All other slips will go to the RLPOA for the Boat Slip Waiting List.

Official Boat Slip Waiting List and Assignment

The official Boat Slip Waiting List shall be maintained at the RLPOA office. Lot owners who desire to lease a boat slip shall sign up in person on the official Boat Slip Waiting List by coming into the RLPOA office to sign a Boat Waiting List entry form of which the lot owner will receive a copy.

The General Manager or official designee shall maintain and organize the official Boat Slip Waiting List so lot owners' priority can be readily determined. The list shall be made available for inspection by lot owners during regular business hours. The Lake Committee Chairperson(s) shall also have a copy of the official Boat Slip Waiting List.

The official Boat Slip Waiting List shall contain names of lot owners who do not currently lease a slip as well as lot owners who currently have a lease and wish to relocate.

Priority of lot owners on the official Boat Slip Waiting List shall be established as first in time signing up provided lot ownership has been uninterrupted from time of first signing up, lot owner has not turned down any official offer for a slip and all current dues and assessments are paid.

In the event a resident on the wait list becomes delinquent on dues and/or assessments, or has outstanding fines remaining unpaid, that resident's name shall be removed from the Boat Slip Wait List. Once all such obligations have been satisfied, that resident may reapply for admission to the Boat Slip Wait List. Notwithstanding other contingencies discovered upon application, the resident's name would be added to the bottom of the Boat Slip Wait List. *Amended September 11, 2007*

When a boat slip becomes available, the RLPOA office shall make reasonable attempts to inform the lot owner with the highest priority as follows:

1. If three (3) working days pass and the lot owner cannot be reached by telephone, at their business or home number, a registered letter will be mailed to their home address, as listed in the Association files, stating they have ten (10) days in which to respond to the RLPOA office with regard to acceptance or refusal of the boat slip assignment.
2. If the lot owner refuses a slip opportunity, the name shall be removed from its current priority and, if requested, added to the bottom of the official Boat Slip Waiting List. In the event of a request for a specific dock, notation will be made on list for information of availability by dock opening requested.
3. If lot owner fails to respond, then their name will be removed from the official Boat Slip Waiting List. A lot owner removed from the list may thereafter sign up on the official Boat Slip Waiting List and priority will be determined by the subsequent sign-up date.

E. Slip Renewal

Current boat slip lessees shall have first right of renewal of their current boat slip.

Leases expire on March 15th of next calendar year. Lessees shall be notified on or before January 15 of lease expiration date. Lessee shall have until March 15 to renew lease. Full payment of lease cost is required upon signing of new lease.

Failure to make timely payment of annual assessment, lease or other fines or liens imposed by the Association shall be cause for forfeiture of the lease.

F. Maintenance and Modifications

Boat slips and docks shall be maintained in good condition by the RLPOA maintenance personnel and/or other persons authorized by the Lake Committee with approval of the RLPOA Board of Directors.

No modifications to docks and/or boat slips is permitted without approval of the Lake Committee and filed with the RLPOA office. Unapproved Lessee modifications shall be removed at an hourly rate of \$25.00 for removal.

Boat lifts shall be specifically permitted upon execution of an appropriate addendum to lease of boat slip. The lessee may install the boat lift if the boat lift type and structure has been approved by the RLPOA Lake Committee. The RLPOA Lake Committee will not approve pontoons on boat lifts. Lessee shall be responsible for maintenance and insurance of said lift and shall be responsible for the cost of removal of the lift, in a timely manner, as defined by the RLPOA Board of Directors, not to exceed ten (10) days. In the event of repairs to be effected by the lessor at the end of the lease or upon forfeiture of membership rights, the Lessee assumes all fiscal responsibility. RLPOA will pay the cost of electricity for the docks. RLPOA will also pay the cost of maintenance for the power circuits, dock lighting and outlets installed by the Association. A junction box will provide a convenient access point for Lessees' circuit connections. New circuits to individual slips must be approved by RLPOA in advance. The cost of maintenance for the existing or new circuits installed by the Lessee or group of Lessees will be the responsibility of the Lessee(s). Defective circuits will be disconnected and removed at the Lessee's expense. All electrical installation or maintenance shall be performed by a certified electrician and be approved by the City of Lee's Summit and RLPOA. *Amended November 14, 2006*

Lessee shall hold RLPOA harmless for Lessee's act or omissions or those of Lessee's acts or agents which might result in property damage or injury to others. Further, RLPOA shall not be responsible for any damage to the lift, docks or other boats caused by installation or operation of the aforesaid boat lift.

Any watercraft or lift may be removed by RLPOA if any violation of the Boat Slip Policy occurs without recourse or permission of Lessee and lease becomes null and void

G. Administration

Elm, Lace Bark

NOTE: *The goal is to insure tree varieties introduced to Raintree are disease resistant, insect resistant, do not have noxious odors or fruit or leaves that are toxic or a nuisance and generally improve the overall appearance of the community. Shrubs are generally not acceptable for planting in the Common Ground. Mature tree photos are available at the office for resident review. Other trees may be acceptable, but if you wish to plant another variety not on the approved list the Common Ground Committee must approve the request.*

4. Trees must be planted at least three (3) feet inside the Common Ground boundary. It is the responsibility of the individual planting the tree to insure excavation for the planting will not impact underground utilities. Trees must be planted so as to allow ten (10) feet) of clearance from other trees, shrubs, above ground utility service installations, lake shore, drainage ditches, buildings or any other stationary object that would impede the passing of a tractor drawn mowing device.
5. When all of the above conditions have been met, you may proceed with the actual planting of the tree.
6. If a resident receives a tree through the community Adopt-A-Tree Program, the resident agrees to aid RLPOA in keeping the newly planted/replaced common ground tree alive, by watering the tree for a minimum of two (2) years.
7. Before any tree is removed from the Common Ground, you must check with the Common Ground Committee.

COMMON GROUND REGULATIONS

Driving on Common Ground with cars, motorcycles or off-road vehicles are not allowed. Only limited motorized travel is allowed on Common Ground areas for homeowners with disabilities and/or mowing. Exceptions may be granted by the RLPOA General Manager.

Because of the liability involved, homeowners can not use the Common Ground for personal recreational items such as trampolines, playground equipment, etc. No fencing is allowed on Common Ground (including underground wire fencing).

Any damage done to the Common Ground area will be repaired by the homeowner causing the damage.

Drain/water pipes crossing Common Ground must be approved by the RLPOA Board of Directors or the Board may delegate the responsibility to a committee. The RLPOA is not responsible for damage to pipes put in by residents on common ground. *Approved June 8, 2004. Amended by the Board on February 8, 2005.*

Violations will result in the following:

- Immediate suspension from common area and/or lake with or without watercraft.
- Criminal prosecution
- Cost to repair damages
- Legal costs
- Suspension from the privileges of membership, to include the right to vote and the use of the lake and pool for a period (minimum of thirty (30) days not to exceed ninety (90) days) for each violation, along with the members of his/her family and guests. (This will occur after an individual is found/pleads guilty in a court of law). *Board approved May 11, 2010.*

Common Ground shall not be used for any organized team sports activities with the exception of the use of the swimming pool by the Raintree Rays, a swim team sponsored by RLPOA. RAINTREE LAKE PROPERTY OWNERS ASSOCIATION ARCHITECTURAL REVIEW BOARD GUIDELINES FOR ARCHITECTURAL CONTROL

Guidelines reviewed and amended by the Board of Directors 12-13-11.

The Architectural Review Board (hereafter ARB) of the Raintree Lake Property Owners Association has been charged with the responsibility of preserving and enhancing property value at Raintree. The ARB meets this responsibility by the following actions:

- 1) Approval of plans and specifications of all proposed new construction at RAINTREE.
- 2) Approval of plans and specifications for all improvements of property at RAINTREE.
- 3) Determination that grounds and building maintenance at RAINTREE are satisfactorily performed and is administered by Raintree Lake Codes Enforcement.

New construction and/or improvements to an existing structure must have approval of the ARB.

While legal documents of the Raintree Lake Property Owners Association permit up to thirty (30) days for approval or rejection of submitted plans, the ARB has established ten (10) working days as a goal for completion of the review process.

All applications for construction and/or improvements to lots, multi-family residential units and/or commercial units shall have all assessments, fines and/or liens paid to date before construction and/or improvement application shall be placed on the ARB agenda.

The application of this policy with regard to Article VII, Section 4, of the Covenants and By-laws of the association shall not affect the thirty (30) days ARB limit.

NEW CONSTRUCTION APPROVAL

To maintain the quality of RAINTREE, certain criterion for new homes has been established by the ARB. These criteria for new homes may vary between specific areas within RAINTREE and may change from time to time within a specific area but will always be set in a fashion to maintain a quality residential atmosphere.

GENERAL RAINTREE REQUIREMENTS FOR NEW HOME CONSTRUCTION

The general Raintree new home requirements are set forth below:

Square Footage

All sections of single-family residences at RAINTREE have minimum square footage areas which will vary by type of home.

- (A) Split level homes or split foyer with garage under (side to side) shall have a minimum of 1,200 square feet on the ground and above the garage area, combined. It shall have an additional 250 square feet of finished living area either finished above or below the primary living area. Primary meaning area finished over the garage and area opposite garage, a total of 1,450 square feet with not less than a two-car garage. The primary structure, not to include wing or walls or overhang porches or decks shall have an overall length of not less than 46 feet.
- (B) Two-story houses must have 800 square feet on the first floor and at least 1,400 square feet on both levels with an attached garage or carport.
- (C) Ranch type homes shall have at least 1,200 square feet with an attached garage or carport.
- (D) Ranch type homes with drive under garages shall have at least 1,400 square feet.

The words (for enclosed floor area) as used herein shall mean and include areas of the residence enclosed and finished for all year occupancy, computed on outside measurements of the residence, and shall not mean or include any patio area, basements, garage, porches or attics. A residence containing less than the minimum enclosed floor area provided herein may be erected on any of said lots with the written consent of the ARB, it being intended that the foregoing shall serve as a guide for the ARB's consideration.

Garages

Each residence shall have an attached or basement private garage for not less than two (2) nor more than three (3) vehicles. The driveway on each lot shall contain sufficient paved area for the off-street parking of at least two cars. All garages must be equipped with doors which shall be kept closed as much as

practicable to preserve the appearance of the elevation of the house fronting the street.

Frontage

To maintain and promote a quality appearance to new construction in Raintree, a minimum of thirty percent (30%) of the total frontal (street elevation) area of the home shall be of one or more of the following materials: stucco, brick, stone, rock or other masonry products. The balance of material may be wood lap siding, grooved sheathing, vinyl siding, stucco or a board and batten composition, however, other materials and/or combination of above materials will be considered in keeping with architectural style and reviewed on a case by case basis. New materials and technology will be reviewed on a case by case basis. *Approved 1995*

Colors

Exterior colors must be subdued and in harmony with other surrounding homes in the community. For your convenience a reference book has been developed by the ARB and is available in the office for your use or you may submit your own color as desired. Provide paint samples of color pallet including but, not limited to, main house color, trim, accent color, door etc. with your application. Also include samples of other materials such as stone or brick and product literature as applicable.

Plans and Specifications

To properly review new construction proposed for RAINTREE, the ARB has established the following types of plans and specifications which must be submitted for approval in duplicate.

- (A) Blueprints will be of professional quality and drawn to a scale of not less than one-fourth (1/4) inch to a foot.
- (B) The following blueprints will be submitted for each element of new construction:
 - (1) Front elevation
 - (2) Rear elevation
 - (3) Side elevation
 - (4) Floor plan of each floor
 - (5) Foundation plan
- (C) Specifications of major building materials (exterior)
- (D) A plot plan prepared by a registered surveyor will be provided which identifies:
 - (1) House and driveway placement on lot
 - (2) Location of easements
 - (3) Location of proposed fences
 - (4) Existing and proposed grades
 - (5) Landscape plan

NOTICE: A SAMPLE PLOT PLAN IS AVAILABLE FOR STUDY AT THE RLPOA OFFICE.

It is highly recommended that the builder, representative or owner be present at the ARB meeting when submitting plans for approval.

No lot or land may be improved, used or occupied for purpose other than as provided by applicable zoning laws and the restrictions filed of record in relation thereto.

Uncompleted Structures

No building shall be permitted to stand with its exterior in an unfinished condition for longer than five (5) months after commencement of construction. In the event of fire, windstorm, or other damage, no building shall be permitted to remain in a damaged condition longer than three (3) months. No building shall be occupied until the exterior shall have been completed, nor until the landscaping, as approved by the ARB, shall have been completed or other arrangements for completion shall have been approved by the ARB.

Area and Width

No residential structure shall be erected on any building plot, which plot has minimum lot width in size, less than that shown on the recorded plat.

Temporary Structures

Temporary shelter is allowed so long as it is only visible during setup, duration and cleanup of an activity not to exceed seventy-two (72) hours. (Note: This will allow EZ Up Tents and other temporary cover).

All residences and other buildings shall be of initially new construction. No building shall be moved onto any lot or other tract of land. *Amended March 24, 2005*

Detached Structures

The ARB has determined that detached structure or outbuilding lessens the integrity of the RAINTREE community. No detached structures or outbuildings will be approved except dog pens and play houses which meet the required specifications.

IMPROVEMENT OF EXISTING STRUCTURE

The ARB must have sufficient information with which to evaluate proposed improvements to existing structures in RAINTREE prior to issuing approval for the commencement of the improvements. All requests for improvements of existing structures will be made to the ARB by means of a completed improvements Permit Application, together with the necessary additional information called for below and for each type of improvement.

General Requirements for All Improvements

The applicant shall submit:

- (1) Two (2) copies of a plot plan showing the location of the proposed improvements on the lot, existing grades at the nearest property line with proposed finish grades as applicable to the improvement.

Section (d) states: Upon receipt of the citation either by mail or in person, the member shall cease construction or improvement and Section (f) have ten (10) days following the date of the notice to submit a request of the ARB for review and approval of construction and Section (i) Should the member continue the work in progress without approval or without submission of an application the member will be fined at the initial rate of \$25.00 per week to begin fourteen (14) days following the date of the original notice. This \$25.00 per week fine shall continue each week for a four (4) week period with notice of each weekly violation. Section (j) following said four (4) week period, the rate may increase to the sum of \$50.00 per week to a maximum of \$2,000.00 in total fines.

(5) No building shall be permitted to stand with its exterior in an unfinished condition for longer than six (6) months after commencement of construction. Landscaping or sod is required when ground disturbance is greater than ten percent (10%) in front and/or twenty-five percent (25) % in back or side(s) of yard.

(6) Storage of dirt and/or building materials on the Common Ground is not permitted. Any use of the adjoining lot must be authorized by the lot owner prior to use.

- (2) Two (2) copies of additional plans as required to evaluate the appearance of the improvements and type of construction including the type of material used, the color of the finished improvement and the type of vegetation, if any.

Fences

Applicant shall submit:

- (1) Two (2) copies of plot plan showing the location of the entire proposed fence on the lot with relation to the lot lines and the outline of the home.
- (2) Two (2) copies of additional plans as required to evaluate appearance and type of construction of the fence including type of material and finished color.

ARCHITECTURAL GUIDELINES

The ARB has established the following guidelines for specific types of construction and improvements at RAINTREE.

BUILDING ALTERATIONS, ADDITIONS, AND DETACHED STRUCTURES

General Policy

Any addition to an existing building, any exterior alteration, or change in an existing building, or any new detached structure must have the approval of the ARB before any work is undertaken. Examples of such projects include a deck, fireplace, fence, etc.

Any addition, exterior alteration, or change to an existing building shall be compatible with the design character of the original building. Any new detached structure shall be compatible with the parent structure.

Awnings

The guidelines for residents and builders are as follows:

- (1) Size and color of the awning shall be approved by the ARB.
- (2) The awning shall only be attached to the home and shall not extend a distance in excess of three (3) feet from the home.
- (3) Any decorative fencing in the front of model homes shall similarly be temporary and done pursuant to size and standards to be propounded by the ARB.
- (4) Retractable awnings for the back deck or back patio will be considered on a case by case basis. Include all dimensions, specifications, color, location, and product image along with your request to the ARB.

Exterior Color and Materials

Exterior paint color must gain the approval of the ARB when repainting in an existing color or a new color excluding repairs. Colors must be subdued and in harmony with other surrounding homes in the community. For your convenience a reference book has been developed by the ARB and is available in the office for your use or you may submit your own color as desired. Provide paint samples of color pallet including, but not limited to, main house color, trim, accent color, door etc. to the ARB for approval. Also include in the submission a photo of the front elevation of the home, this will allow the ARB to understand the context of the color scheme and other materials that will be adjacent to the colors. *Board approved Oct. 11, 2011*

Roofs

No flat roofs will be constructed without approval by the ARB. It is generally believed that flat roofs do not enhance the appearance of structures.

The Raintree Lake development was conceived with wood roofing as the desired material for the look of the entire development. If you have this type of roof and would like to maintain it you are in compliance with the original vision of the community. New developments in other roofing materials have allowed homeowners other options that achieve the look of wood shingles without some of the draw backs. For that reason, the following composition materials and colors are considered acceptable, subject to approval through the ARB submittal process: Composition roofs must be a pattern that simulates a wood shingle roof and has a dimensional design. Simple "running bond" layout of composition tiles is not acceptable. "Premium" and/or "Designer" patterns will be reviewed on a case by case basis. THICKNESS of shingles must meet the manufacturer's term of 40 year warranty. Most roof shingles come with a lifetime warranty, so it is imperative to confirm the THICKNESS is 40 year or better.

Roof colors and names vary from manufacturer to manufacturer. Weather Wood is the only approved color for the community. Other colors will be considered on a case by case basis. They must be in the brown color range. Examples include: GAF colors: Barkwood, Driftwood, Mission Brown, Slate, and Weathered Wood. Owens Corning colors: Autumn Maple, Brownwood, Chestnut, Driftwood, Estate Gray, Granite, Mesquite, Storm Cloud, Summer Harvest, Sycamore, Timber, and Teak. The homeowner must state in writing the reason why Weathered Wood color is not acceptable for their home.

The ARB recommends LEED (Leadership in Energy and Environmental Design) and will allow Energy Star colors in the following colors: GAF: Cool Weathered Wood. Owens Corning: Frosted Oak and Sunrise. *Amended October 11, 2011*

Vinyl Siding

New home or replacement vinyl siding shall be embossed wood-grain or smooth finish in subdued color (Glacier White and Snow White are not allowed). Profile to be vertical, flat tongue and groove-type appearance. Horizontal, simulated lap siding is not allowed (except on a case-by-case basis, and then with a maximum total width of 10'-0" for very limited use in ridge or accent areas). At the present time, Wolverine vinyl siding "Perimeter" series and Alside "Charter Oak" series are the only manufacturers and lines presently approved. Vinyl soffits may use the Wolverine "Restoration Beaded Triple 2" or "Universal Soffit Triple 4" or the Alside "Invisible Ventilation" Series. Other manufacturers may be considered for approval as long as the following minimum specifications are met:

- Panel lengths; minimum 8'-0". Properly sealed box channels may be used for breaks in material at similar locations where the typical wood (Masonite, etc.) siding is abutted. Butting or lapping of panels is not acceptable. Trim to match siding in color and material. Window frames may be wrapped in same material.
- 4"- 6" vertical profile with recesses; grooves a min of .438".
- Warranty lifetime transferable.

- Siding to be not less than 44-mil thickness.
- Trim to match siding in color and material.
- Window frames may be wrapped in same material.
- Materials to meet: ASTM D-3679 standard for Rigid Polyvinyl Chloride.
- ASTM D-1435 standard for weathering.
- ASTM D-659 standard for acceptable chalking.
- Tensile strength 7,344 psi.
- E84 fire test rating.
- Deflection temperature 168° F.
- Color shall be throughout material.
- Sealants used to be silicon based and color matched.

Installation to be by a bonded and insured installation company, certified in writing by the manufacturer, and shall be in conformance with The Society of the Plastics Industry, and written manufacturer's instructions.

Installation must be complete with associated weatherproof end and corners closures, etc.

Vinyl siding will not be allowed on the front elevation (street side) of a new home. These should consist of the following; brick, stone, stucco, synthetic stucco, painted lap siding with a minimum of thirty percent (30%) being masonry. Vinyl siding is discouraged for use as replacement siding on the front of existing homes but will be considered on a case-by-case basis.

Prior to any siding being installed, homeowners or builders must submit for approval to the ARB. Included in this submittal shall be manufacturer's literature, including detailed specifications, an actual piece of the material to be used, showing profiles, and color and certificate from the installer showing that the contractor who will be installing this siding is approved, bonded, insured, etc. Sketches, showing the home's elevations and indicating the location of any breaks in the material.

Fences, Walls and Screens

The ARB's goal is to keep all fencing or screening as harmonious as possible with the architectural character of the community. Any fence or screen must have the approval of the ARB before installation is undertaken.

No fence or screen will be approved if this installation will obstruct sight lines for vehicular traffic. Undue obstruction of view of lake or other amenities from adjoining property will be taken into consideration by the ARB when reviewing fences for approval.

In general, fences shall not be nearer to the front of the structure than the rear foundation line of the structure. The ARB may permit, as an exception, fences not closer than twenty-two (22) feet from the front foundation line in order to permit uniformity with fencing on adjoining lots or for unique circumstances with regard to access or need for fencing on that particular lot.

Fences may be privately installed but must be constructed to professional levels of quality. Non-professionally installed fences will be inspected by a representative of the ARB after completion to insure that the final product is of professional quality, and final approval of the fence is withheld until successful completion of this final review.

Materials and Finish for Fences

- (a) Wood fencing or screening will be approved if the design is in conformity with the architectural design of the community.
- (b) The Board will not approve an application for the installation of chain link or other galvanized-metal fencing unless it has wood posts and rails.
- (c) All fencing or screening should preferably have finish material on both sides. If only one side has

finish materials, that side must face the public side of the individual lot. The Board recommends rail or picket-type construction. Recommendations include: 1) 48" wood picket with 2-3" spacing between pickets 2) 48" black aluminum with spacing between spindles 3) 48" black welded steel with spacing between spindles Shadow box style fences are allowed on arterial roads only. Any variation other than the above will be reviewed on a case-by-case basis. *Board amended July 26, 2006. Amended October 11, 2011.*

- (d) Walls above grade should be constructed of natural stone, masonry or attractive lumber.

Height Restrictions for Fences

The ARB believes that the environmental integrity of the community will be materially lessened if the open nature of the community is damaged by a proliferation of fences of excessive height. The ARB will give consideration to a variance in this height limit where the rear line of a lot abuts a major arterial roadway or in other clearly-unique circumstances.

Arterial roadways in RAINTREE have been defined as Ward Road, Missouri 150 Highway, Raintree Parkway, Raintree Drive and Cole Younger Drive.

The ARB encourages use of six (6) foot fences around the smaller patio area of the back yard of homes to secure privacy of the immediate patio area while permitting the feeling of spaciousness throughout the open area and back yards of homes. The specific fence height restrictions are set forth below:

- (A) Property fencing and walls above grade shall not exceed four (4) feet above grade.
- (B) The ARB will not consider for approval any proposed fence which exceeds four feet in height unless the rear line of that lot abuts a major arterial roadway or offers some other circumstance clearly unique to that lot.
- (C) Patio screens shall not exceed six (6) feet in height.

Landscaping and Planting

Landscaping and planting, for existing homes, in general does not require the approval of the ARB. *Amended March 24, 2005*

Trees, hedges, and shrubs, which restrict sight lines for vehicular traffic shall be cut back or removed.

Hedge type shrubs in a fence-like appearance may be installed in front of the foundation line of a residence. Other locations upon approval by the ARB, as long as said plantings;

- (a) Plantings are no greater than thirty-six (36) inches in height
- (b) Plantings are not more than thirty-six (36) feet in length
- (c) Plantings do not entirely enclose any area of the yard, so as to constitute fencing
- (d) Plantings do not unduly restrict the view of the lake, amenities or other properties and shall not have a solid growth pattern.

Special landscaping beyond that normally associated with a single family residence must be approved by the ARB prior to its installation.

Decorative trellis and landscaping borders of a fence-like appearance may be installed in front of the foundation line of a residence upon approval by the ARB so long as said construction:

- (a) Is no greater than thirty-six (36) inches in height.
- (b) Is no more than thirty-six (36) feet in length
- (c) Does not entirely enclose any area of the yard so as to constitute fencing.
- (d) Is limited to a border or trellis of approved materials, including split rail, wrought iron, or other approved materials not to be of chain link or coated-wire mesh.
- (e) Is in conformity with the architectural design of the home and community.
- (f) Does not unduly restrict the view of the lake, amenities or other properties and shall not be of solid

stockade-type construction.

Full sodding of the entire lot is required for all single-family residence after outside of home is completed.

Exterior Antennas

Television or radio antennas are not allowed by any unit owner upon any lot or exterior of a dwelling. The ARB has determined that inside attic antennas are technically sufficient to serve residents at RAINTREE and recommends use of these antennas. The ARB will not approve a request to install or erect a television or radio antenna on the exterior of a dwelling. Approval of HD or "Special Use" antennas will be considered on a case by case basis. Position, appearance and design should be taken into consideration. Pictures, dimensions, details of the antenna and installation along with photos or plans indicating location of installation location are to be included with the application to the ARB.

Wind Turbines, Solar Panels, Weather Stations

Wind turbines, solar panels and weather stations shall be considered on a case-by-case basis before the ARB. *Approved September 8, 2009*

Swimming Pools

Permanent-type, back-yard swimming pools must have the approval of the ARB before any work is undertaken. Permanent, back-yard swimming pools will be approved by the ARB only after careful consideration of the potential effect of such a pool on neighboring property.

Temporary swimming pools above grade having a depth less than twenty-four (24) inches require no such approval.

An application for the construction of a permanent-type, back-yard swimming pool will not be considered unless the application is accompanied by an application for an acceptable fence design. The design shall conform to county or municipal regulations for such fencing. Use of plantings in the vicinity of the pool is recommended to soften the effect of sound on adjacent property.

All pool construction should be submitted to the City of Lee's Summit Zoning Board for approval before submitting to the ARB.

A swimming pool, spa or other pool of water greater than twenty-four (24) inches in depth shall be separated from adjoining property by a fence at least four (4) feet in height, provided with gates, which shall be kept locked when the pool or spa is unattended.

Spas, hot tubs, Jacuzzis and yard pools must have the approval of the ARB before any work is undertaken. The application for such structure will not be considered unless the application is accompanied by an application for acceptable fence design. The design shall conform to municipal regulations for such fencing. The structure will be approved after careful consideration of the effect on neighbors and property.

Driveways and Patio

Extensions, widening, or re-routing of existing driveways must have the approval of the ARB before any work is undertaken. Acceptable materials include concrete or pavers, no asphalt will be allowed.

Parking Pad Guidelines

Minimal parking pads will be considered on a case-by-case basis for approval if the following requirements are strictly adhered to:

1. No free-floating pads will be approved (i.e. not attached to existing or proposed construction).
2. The pad must be attached to adjacent slab.
3. Visual screening must be provided (i.e., berm, landscaping, etc.)
4. Approximate size must not exceed 8' x 20'.
5. Project or additional work must be approved by the ARB prior to installation to avoid fines. *Amended March 24, 2005.*

Retaining Walls

Any retaining wall must be approved by the ARB before installation is initiated.

Retaining walls which divert ground water onto adjoining properties or which otherwise substantially change the existing drainage pattern will not be approved.

Detached Structures

The ARB has determined that detached structures or outbuildings lessen the integrity of the RAINTREE community. No detached structure or outbuildings will be approved except dog pens and play houses which meet the required specifications.

Play Equipment

Children's play equipment such as sandboxes, temporary swimming pool having a depth less than twenty-four (24) inches, play houses and tents shall not require approval of the ARB provided that such equipment is in good repair (including painting), and every reasonable effort has been made to screen or shield such equipment from view.

Equipment higher than fifty-two (52) inches shall require approval as to design, location, color, material and use. Play houses shall not exceed twenty-four (24) square feet and shall not exceed fifty-two (52) inches in height at roof peak. No shed-type roofs will be approved.

Play houses shall be of wood material. No metal playhouses will be approved.

Swing sets and play equipment will be allowed and must meet the following requirements:

- a) Color: must be subdued and within harmony with other colors of the community including slides, swings and canopies.
- b) Material: must be timber construction. Other materials will be considered on a case by case basis.
- c) Use: play equipment is intended for juvenile play only
- d) Restrictions: total elevated platform cannot exceed twenty-four (24) square feet

Tree houses are prohibited.

Permanent basketball goals must be approved by the ARB. Goals must show location on the application when submitted. Temporary goals must be stored out of sight of street view, lake view, amenity view or that of a neighbor, when not upright in proper location.

Dog Pens

Dog pens or runs may be approved provided they adjoin the rear of the house with the axis, parallel to the rear of the house, not to extend further forward than the rear foundation line of the house and not to extend more toward the side lot line than the rear corner of the house, and is otherwise compatible with standards applicable to fences. The ARB recommends fencing to match existing fencing if applicable, see FENCE, WALLS AND SCREENS; MATERIALS FOR FENCES. Pens shall be adjoining the house and the ARB will not approve an application for installation of chain link or other galvanized metal fencing.

The aforesaid pen shall be a maximum of six (6) feet in width and a maximum of twelve (12) feet in depth from the rear foundation line of the house. The base shall consist of at least four- (4) inch reinforced concrete with a one- (1) foot drainage ditch containing gravel fill adjoining the base. There shall be no cover on top of the structure. The owner will be responsible for policing of the aforesaid area to insure compliance with nuisance and sanitation standards.

The Covenants generally provide that the ARB has the right and the duty to promulgate and enforce reasonable rules to "regulate the external design, appearance, use, location and maintenance of the properties and of improvements thereon in such a manner so as to preserve and enhance values, and to maintain a harmonious relationship among structures and the natural vegetation and topography".

Appeal of ARB Findings

Any property owner who believes that the ARB has unfairly judged their request for either new construction or an improvement to an existing structure may appeal that finding in writing to the RLPOA Board of Directors. The Board of Directors may, upon two-thirds (2/3) vote of the Directors; overturn the findings of the ARB if the Board of Directors believes that the original finding was unfair.

- b) **Method of Assessment.** The annual assessment for each parcel shall be levied by the Association against lots or units in a parcel, using the basis set forth in the supplementary Declaration for the given Parcel, and collected and disbursed by the Association. The Board of Directors, in accordance with each Supplemental Declaration, shall fix the annual Parcel assessment for each Parcel and the date(s) such assessment becomes due.
- c) **Special Parcel Assessments for Capital Improvement.** In addition to the annual Parcel assessments authorized above., the Association may levy in any assessment year a special assessment against the lots of a parcel for the purpose of defraying in whole or in part the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Parcel, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the Class A and B votes relating to lots or units in the Parcel cast in person or by proxy at a meeting of Class A and B Members owning lots or units within the parcel.

Section 4. Maximum Annual Assessment. Beginning January 1, 1975, and until January 1, 1978, the maximum annual assessment, as determined by the Board of Directors of the Association, shall be One hundred Eighty Dollars (\$180.00) for each lot., One hundred Sixty Dollars (\$160.00) for each Commercial Unit, One Hundred Twenty Dollars (\$120.00) for each Multi-Family Residential Unit, and Twenty-Five Dollars (\$25.00) per acres (and major fraction thereof) for each acre of undeveloped and unplatted land not owned by the Developer; provided, however, that assessments for all lots, units and land owned by the Class C Member, as defined in Article IV, shall be assessed separately from other lots, units, and land, as may be reasonably necessary to provide for the care, maintenance and welfare thereof, without regard to the foregoing maximum annual assessments and without regard to the assessments imposed against other lots, units and land.

- a) From and after January 1, 1978, the maximum annual assessment in each of the heretofore enumerated categories may be increased effective January 1 of each year without a vote of the membership in conformance with the rise, if any, of the Consumer Price Index (published by the Department of Labor, Washington D.C.) for the preceding month of July.
- b) From and after January 1, 1978, the maximum annual assessment for any or all categories may be increased without regard to the Consumer Price index formula by a vote of the Members for the next succeeding year, and at the end of each such period of one year, for each succeeding year,

provided that any such change shall have the assent of a majority of the votes of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members not less than 30 days nor more than 60 days in advance of the meeting setting forth and the purpose of the meeting. The limitations hereof shall not apply to any change in the maximum and basis of the assessments undertaken as an incident to a merger or consolidation in which the Association is authorized to participate under its Articles of Incorporation.

- c) After consideration of current maintenance costs and future needs of the Association, the Board of Directors may fix the annual assessment at any amount not in excess of the maximum, provided, however, the actual assessments for each of the heretofore identified categories must bear the same ratio to the assessments imposed in other categories as the maximum annual assessment for each such category bears to the maximum annual assessments for other categories.

Section 5. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate within all categories of lots, units and land, and may be collected on a monthly basis.

Section 6. Quorum for any Action Authorized under Sections 2 and 4. At a first meeting called, as provided in Sections 2 (c) and 4 (b) hereof, the presence at the meeting of Members or of proxies entitled to cast sixty per cent (60%) of all votes of each class of membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in Section 2 and 4, and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all lots, units and other land heretofore enumerated on January 1, 1975, or on the first day of the month following the conveyance of such lots, the occupancy of Multi-Family Residential or commercial Units, and the conveyance of undeveloped and unplatted acreage not owned by the Developer, whichever occurs last. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each lot, unit or tract of land at least 30 days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors, which may require payments on a monthly basis. The Association shall upon demand at any time furnish a certificate in writing signed by an officer of the association setting forth whether the assessments on a specified lot, unit or tract have been paid. A reasonable charge may be made by the Board for the issuance of these certificates. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 8. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessments which are not paid when due shall be delinquent. If the assessment is not paid within 30 days after the due date, the assessment shall bear interest from the date of delinquency at the rate of eight per cent (8%) per annum, and the Association may bring action at law against the owner personally obligated to pay the same, or foreclose the lien against the property, and interest, costs, and reasonable attorney's fees of any such action shall be added to the amount of such assessment. No Owner may waive or otherwise escape liability for the assessment provided for herein by non-use of the Common area or abandonment of his lot or property.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages. Sale or transfer of any lot or land shall not affect the assessment lien. However, the sale or transfer of any lot or land which is subject to any mortgage, pursuant to a decree of foreclosure under such mortgage or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessments as to payments thereof which become due prior to such sale or transfer. No sale or transfer shall relieve such lot or land from liability for any assessments thereafter becoming due or from the lien thereof.

Section 10. Exempt Property. The following property subject to this Declaration shall be exempt from the assessments created herein: (a) all property dedicated to and accepted by a local public authority; (b) the Common area; and (c) all properties owned by a charitable or nonprofit organization exempt from taxation by the laws of the State of Missouri. However no land or improvements devoted in whole or part to dwellings, multi-family residences or commercial shall be exempt from said assessment.
